**CEO Update:** The Office of the CEO would like to inform the public on the Tripartite Agreement signed between Karibib, Omaruru and Usakos, which will provide an opportunity to share resources, including Equipment, Human and Financial resources. Through this MOU, a unique opportunity was agreed upon to have a rotational joint Festival which will first be held in Omaruru towards the end of September 2023. It is worth noting that Infrastructure development in UIS and Harambee is ongoing. We are also encouraging residents that have not transfer their properties into their name to contact the Property Division at our main office. Lastly, let's be responsible and take ownership of our Town and try to keep it clean at all times.
