Forward

Karibib Town Council welcomes you to Karibib's 2025/2026 Business Directory.

Karibib Town Council through the Local Economic Development & Corporate Communication Department aims to promote local businesses by implementing the business directory. A Business Directory is a printed listing of information which lists all businesses within niche-based categories. In this directory businesses are listed alphabetically by industry or by economic sector. It includes the business name, telephone number, contact information and type of service or product the business provides. The directory is also accessible at Karibib Town Council Website, for marketing purpose.

Finally, we would like to encourage Karibib Community and visitors to support our local businesses by spending money locally.
